SKILLS:

Data Science |	Python, numpy Pandas
Data Visualization |	Seaborn, Matplotlib
Machine Learning |	Scikit-learn
Deep Learning |	Tensorflow, Keras
Big Data Dealing |	PySpark
Generative AI |	LangChain
Report Generation |	Power BI
Data Analysis |	SQL
Backend Development |	Django

PROJECTS:

- WhatsApp Chat Analyzer   (Check out your chat insights with others)
- Movie Recommender System   (All movies of your interest are in your hand)
- Laptop Price Predictor   (Predict price by adding spec)
- Multiple Disease Predictor   (Predict Disease by adding symptoms)
- Todo App using Flask   (Web App)
- Recipe Manager using Django   (Basic CRUD operations)
- and many other analyzed datasets are available on Github
- Q&A chatbot, PDF Reader and Image Reader using Langchain and OpenAI

EXPERIENCE:

1 Year Experience in Data Science
1 Year Experience in Python

EDUCATION:

(2021-2025)

Bachelor's of Computer Science \| Govt. Graduate College Samanabad

(2019-2021)

FSc (Pre-engineering) \| Govt. Municipal Graduate College Faisalabad
